HOW TO APPLY

Students should meet with an Advisor during their first semester on campus to plan a course of study. In spring of junior year, students officially apply to the B.A./M.S.W.

To Apply: yu.edu/wurzweiler/apply

The B.A./M.S.W. program puts students on a fast-track to an impactful career in social work. YU undergraduates can begin M.S.W. coursework in their senior year, accelerating the path to the graduate degree while saving tuition along the way.

B.A./M.S.W. students begin their M.S.W. courses in the fall semester of their senior year at YC or Stern. Their first year of graduate study counts as *both* their last year of undergraduate study *and* their first year of graduate study (credits are attributed to both degrees). Students then complete one more year at Wurzweiler to earn the M.S.W. degree—completing both the B.A. and M.S.W. degrees in as little as five years. Our graduates go on to work in schools, hospitals, mental health clinics, addiction treatment, private practice, the military and more.

ABOUT THE MASTER OF SOCIAL WORK (MSW)

A leader in social work education since 1957, Wurzweiler School of Social Work is consistently rated among the top MSW programs in the nation and attracts students from across the globe. We are devoted to the success of each and every one of those students and, ultimately, to the value of repairing the world. Our graduates go on to work in schools, hospitals, mental health clinics, private practices, the military, and more. Additionally, they can choose to work administratively in politics, community organization, or urban planning—the possibilities are endless.
