Our Yeshiva has a long and profound history and legacy of Torah scholarship and spiritual greatness. Our roots stretch back to the Torah of Volozhin and Brisk and continue in our Yeshiva with such luminaries as Rav Shimon Shkop and Rav Yosef Dov Soloveitchik. Undergraduate Torah Studies Programs

Yeshiva Program/Mazer School of Talmudic Studies (MYP)

This program offers an advanced and sophisticated classical yeshiva experience. Students engage in in-depth study of Talmud with our world-renowned roshei yeshiva. The most extensive of the programs, MYP offers the deepest exposure to traditional learning while at the same time providing opportunities to interact with roshei yeshiva outside the beit midrash, thereby nurturing a special rebbe-talmid relationship.

Masmidim Program

Developed for students with the potential to become genuine talmidei chachamim, the Masmidim program offers a rigorous, structured learning schedule and curriculum in order to maximize religious and spiritual growth.

Isaac Breuer College of Hebraic Studies (IBC)

Intended for students seeking an advanced and structured—yet flexible—program in the major areas of Jewish learning and practice, IBC offers a wide range of Jewish studies courses, including Jewish philosophy, Jewish history, Halacha, Talmud, Hebrew language and Tanach. Students are empowered to attain the broad knowledge base and skills necessary for serious study of classic Jewish texts.

The James Striar School (JSS)

This path is intended for students new to Hebrew language and textual study who aspire to attain a broad-based Jewish philosophical and text education. Led by a dynamic, caring faculty and with daily mentoring from students at YU’s rabbinical seminary, the program provides nurturing and support, inspiring students to appreciate the beauty, warmth and wisdom of traditional Judaism.

Irving I. Stone Beit Midrash Program (SBMP)

This program offers classic Yeshiva learning typified by morning seder with a chavruta in the beit midrash and an in-depth shiur by a caring rebbe, while expanding its curriculum to include Tanach, Halacha and Jewish philosophy. The program affords students greater flexibility for their college studies.

BA/Semicha Program

Developed for exceptional aspiring rabbis with a passion to maximize their Torah learning, the BA/Semicha Program enables participants to earn a bachelor’s degree and semicha while fully immersing themselves in Torah scholarship that will lay the foundation for their future. Participants will learn three daily sederim and participate in a unique Halacha curriculum tailored toward the future rabbi.
Mashgichim

Yeshiva is your place to continue to grow as ovdei Hashem—and we are here to help in any way we can. We serve an important role as you adjust to a dual curriculum while maximizing your learning and spiritual growth.

Additional Chaburot and Night Seder Options

The gemara in Kiddushin (30a) stresses the importance of a well-rounded *limud HaTorah*. Our many varied *chaburot* given throughout the day and night are designed to supplement your core learning in the morning to give you a full learning experience. In addition, Chazal teach us that a person’s main *kinyan haTorah* comes from learning Torah at night. Yeshiva night seder takes place every evening from 8 – 10 p.m., culminating with a Yeshiva-wide *maariv* at 10 p.m. The Beit Midrash is staffed in the evenings with Night Seder rebbeim, shoelim umaishivim and roshei chaburah—all available to answer questions and forge relationships with talmidim. Many talmidim learn *gemara bekiyut* in the Yeshiva’s *masechta*, but the choice of *limud* is up to you.

In addition, Rabbi Dan Cohen, Edmond J. Safra Sephardic Sgan Mashgiach, is available Mondays to Thursdays in the Sephardic Beit Midrash (Morgenstern Building) from 8:30 – 10 p.m. to facilitate night seder for talmidim who wish to learn with him.

SHIUR EVENTS
Learning from your rebbe outside of shiur is a vital component of a Torah education. Shiur lunches, melave malkas, Shabbatonim, question and answer sessions, and Chanukah and Purim mesibot are just a few of the many opportunities you will have to bond with your rebbe throughout the year.

SICHAS MUSSAR
Once a week, a special sicha is given in the Glueck Beit Midrash at 9:40 p.m. by a mashgiach or rebbe focusing on areas of personal growth and mussar.

ELUL PROGRAMMING
During Elul, we offer special sichot mussar, and an additional mussar seder from 10 – 10:15 p.m., with mussar chaburot and vaadim.

MISHMAR
Thursday night mishmar occasionally with cholent throughout the semester with additional divrei Torah and singing.

YESHIVAT BEIN HASEMESTERIM

Hear great shiurim from Roshei Yeshiva and Mashgichim, share delicious meals with your friends and enjoy trips to visit with renowned Torah personalities. Bein Hasemesterim is the ultimate rejuvenating winter break.

JUNE ZMAN
College may end in May, but learning never ends. Regular shiurim continue throughout June as the batei midrashot continue to resound with the voices of Torah. Take the opportunity to learn three full sederim without the additional pressures of college, or feel free to take summer courses on campus as you avail yourself of all the Yeshiva has to offer.

Yomim Noraim
Nothing can compare to a Yeshiva davening. Join Roshei Yeshiva, beautiful baalei tefillah and fellow talmidim for a moving yom tov experience.

To sign up for seating, visit www.yu.edu/riets/yomimnoraim.

Shabbat Umoadim
Shabbat, Chanukah, Purim, Shavuot—life in Yeshiva is only complete when experiencing Shabbat and moadim in the Yeshiva. Some of your most uplifting, powerful and memorable moments will take place during these special times of the year.

Shabbat on campus consists of programming every week with rebbeim, mashgichim, and other torah personalities. With a lively Carlebach minyan, spirited tishes, shiurim and activities, students often stay on campus for Shabbat. Monthly In-Shabbatot feature multiple personalities, special minyanim and the camaraderie of more than 400 of your fellow talmidim.
