## Welcome to ADEA AADSAS!

Hi Debbie Beaudreau

Welcome!

The ADEA Associated American Dental Schools Application Service (ADEA AADSAS®) is the centralized application service for all US dental schools. ADEA AADSAS simplifies the application process by allowing applicants to complete one standardized application, rather than fill out multiple applications. Dental schools benefit by receiving uniform information on all applicants.

ADEA AADSAS opens from early June through February each year.

be eligible for scholarships.

- I have read, reviewed, understand, and agree to the disclosure of my information as outlined in the ADEA Privacy and Confidentiality Statement found within the ADEA AADSAS instructions.
- I understand that an official transcript is required by the ADEA AADSAS for all college level institutions I have previously attended, and that failure to provide these required documents may cause my application to remain incomplete. By submitting my ADEA AADSAS application, I am indicating that I have requested official copies of my college level transcripts be sent directly to the ADEA AADSAS.
- I understand that beginning on March 1 and thereafter, when considering multiple offers of acceptance, I should hold only one position by accepting the offer of one dental school and declining other offers. After this time, if I hold offer(s) at more than one dental school, my status will be shared with all applicable schools and may result in offers being changed or revoked.

By checking this box, you are indicating that you have read and agree to the statements above and that the information provided in this application is accurate and complete. Failure to provide accurate and complete information may jeopardize your application.

### Advisor Release

By answering Yes, you authorize ADEA AADSAS to release selected information regarding your ADEA AADSAS application and admission status to the health professions advisor and the health professions advisory committee of the post-secondary institution(s) that you have attended. By releasing your information, your advisor is better able to assist you in the admissions process, as well as better guide other students in the future. You cannot make changes to this item after you submit your application to ADEA AADSAS.

Check to authorize to release your application's academic information and admission status to designated health professions advisors at the schools you have previously attended. Your personal and financial information will remain confidential at all times; and your personal statement or disciplinary actions listed on your application will not be viewable. # Ordering transcripts

---

Review all transcripts carefully NOW for any “Incomplete” , Incorrect, or “In Progress Grades”

In order to expedite the process, please complete the first two sections (Personal Information and Academic History), print the TRANSCRIPT MATCHING FORM, and order your transcripts. Do not wait to do this.

When this is complete, then you can continue with the rest of the application.

# TRANSCRIPTS

---

- Transcripts are sent directly from the Registrar's Office—
- For YU, the Registrar sends the following transcripts;
  - YC (including any HES credits)
  - S. Daniel Abraham Program (Israel)
- They do NOT send your morning program transcript.

# Transcripts

---

Order a copy of all official transcripts for your use when inputting classes on the application.

Problems with transcripts are the NUMBER ONE cause of processing delays and missed deadlines.

Print Transcript Matching Forms (TMF) for EACH US or Canadian school you attended and submit to appropriate Registrar.

Enter classes EXACTLY as they appear on transcript

The transcripts do NOT have to arrive at AADSAS for you to submit your application.

YOU are responsible for contacting the Registrar for every school you have attended!

Applicants must first complete the Transcript Entry section before courses can be selected as prerequisites.  Entering these courses does not mean an applicant has met the school's prerequisite requirements. Instead, the school is asking applicants to self-identify courses for their review. If an applicant has any questions regarding what the program will accept regarding these prerequisites, please contact the program directly.  Applicants can learn more about prerequisites required by each dental school in the 2017-2018 ADEA Official Guide to Dental Schools.

# English Prerequisites

The COWC coverage of chemistry prizes itself on serving the underserved. Applicants are expected to have obtained a variety of experiences, including community service and volunteer work. The experiences do not have to be specifically dentistry related, but these experiences may be helpful to one's own understanding of selfless giving, compassion for others and exposure to diverse populations.

Questions for PhD in Philosophy		
Question Block	Question	Answer
Legacy Information	Has any member of your family attended Watertwon University?	Yes
Legacy Information	If so, please indicate their relationship to you.	Grandfather, Father
Philosophical Interests	In which branch of philosophy do you wish to specialize?	Metaphysics
Philosophical Interests	Which philosopher has influenced you the most?	Edmund Husserl
Philosophical Interests	Describe, in 500 words or less, the influence that philosopher has had upon you	▶ <a href="#">Essay</a>

Husserl's concepts of phenomenology are really quite simple: each person brings his own pre-judgements, driven by his own experiences - to each new experience that he has. These pre-judgements act as filters on a lense, coloring how we interpret and interact with the world. Once you accept this as a given, it becomes simpler to frame the rationale behind what otherwise may appear as irrational behavior in *Beings* (used in the Heideggerian sense). This paradigm has allowed me to remain calm in others frustrating scenarios and greatly aided in my relations with others.

Admissions staff will see the answers by question group and program.
