

# PATHWAYS AT YU

## B.A./M.S. IN CYBERSECURITY

Katz School of Science and Health

Through the B.A./M.S. in Cybersecurity, YU undergraduates can complete up to three graduate Cybersecurity courses (nine credits) in their junior and/or senior year that count towards both their undergraduate and graduate degrees, accelerating their path to the graduate degree and saving tuition along the way. After completing the bachelor's, students continue seamlessly on to complete the M.S. in Cybersecurity at YU's Katz School of Science and Health in as little as one more year.

### ABOUT THE M.S. IN CYBERSECURITY

Protecting an organization's information and technology infrastructure from increasingly frequent attacks requires teams of cybersecurity professionals. Fueling this growth is the rapid evolution of cyber threats through the expansion of mobile devices, the Internet of Things (IoT), and AI, as well as evolving privacy and cybersecurity standards. Secure your place in this fast-growing industry with YU's M.S. in Cybersecurity.

YU's 30-credit M.S. in Cybersecurity focuses on the technology and management competencies for planning, implementing and monitoring cybersecurity protocols and procedures. The degree is aligned with key industry certifications and teaches you state-of-the-art technologies and practices. You'll get hands-on experience with threat mitigation, detection and defense. You'll build real-world skills in virtual labs and simulations. And you'll do all of this in the heart of New York City—a global epicenter for cybersecurity.
