

M.S. in Artificial Intelligence

Sample Full-Time Course Sequence

36 Credits: 24 Credits Core + 12 Credits Electives

SEMESTER 1	Core: Data Acquisition & Management	Core: Computational Stats & Probability	Core: Numerical Methods
SEMESTER 2	Core: Artificial Intelligence	Core: Predictive Models	Core: Machine Learning
SEMESTER 3	Core: Neural Networks & Deep Learning	Elective: Internship or Special Topics	Elective: Data Visualization
SEMESTER 4	Core: AI Capstone: R&D Experience	Elective: Special Topics: AI for Extended Reality	Elective: Computer Vision
