REQUIREMENTS FOR ADMISSION

The high school scholastic record, SAT I or ACT scores, and results of statewide tests such as the New York State Regents Examinations are of primary importance in determining a student's qualifications for admission. The Committee on Admissions also considers the applicant's character, potential, and contributions to school and community life.

High School Average: To qualify for admission, a candidate must present a high school average of at least 85 or its equivalent. The Committee on Admissions may require higher

averages from students who come from schools whose academic standards are not known to the committee.

Tests: All applicants must take either the SAT I or ACT exam. The results of these tests supplement the high school grades. Most successful applicants have a combined score of at least 1140 in one sitting, on the critical reading and math sections of the SAT I or an equivalent score of 24 on the ACT.

Optionally, applicants may also take subject-matter achievement tests such as those of the SAT II testing program of the College Board.

Applicants should take the SAT I/ACT in the spring of the junior year of high school or fall of the senior year. If these tests are only given on Saturday, Sabbath- observing students may take them on Sunday by special arrangement with the test administrators. Full information is available from the Office of Admissions or college guidance counselor at the student's high school.

HONORS PROGRAMS

Yeshiva College

The Jay and Jeanie Schottenstein Honors Program at Yeshiva College offers advanced coursework and other opportunities that challenge and stimulate students while enlarging their perspectives and future prospects. Honors students work closely with faculty and stellar classmates, benefit from cultural programming, participate in summer internships and research, and have the opportunity to collaborate with a professor on an intensive thesis project.

Students typically apply to and are accepted into the Honors Program prior to their arrival at Yeshiva College. The application process is very competitive, and the average standardized test score in a cohort of applicants is a 1450 on the SAT (Critical Reading and Math), or 33 ACT Composite Score, and a high school average of 95. Students applying for the Honors Program are considered for one of the academic scholarships available to applicants who show outstanding promise.

In addition, a limited number of spaces are available each year for students already on campus; such students may apply in early June for acceptance the following fall. To be eligible for consideration, students must have a GPA of at least 3.700, submitted promising writing samples, and earned strong recommendations. Students should only apply if they will be able to participate in the Honors Program for at least four semesters. There are no financial awards given to students already at YC who join the Honors Program.

TYPES OF ADMISSION

Each admitted student is classified under one of the following categories. Not all schools admit under all categories.

General Admission: Students admitted with permission to work toward degrees or diplomas. A student admitted appending condition must resolve it within the time limit set by the Office of Admissions in order to maintain regular student status.

Provisional Admission: Students admitted without meeting the full requirements for regular status. While classified as provisional, students take a limited program and must consult with the Office of Academic Advisement each semester before registration. This process ensures that the students' progress be reviewed and that they receive approval of their class schedules and proposed programs. Provisional students who demonstrate satisfactory progress and maintain a 2.000 GPA after one semester of full-time attendance will be reclassified as regular.

Transient/Visiting Admission: Students who enroll only to meet particular needs as they pursue a degree at other institutions, without pursuing a program for a degree or diploma at Yeshiva University. Applicants may be admitted as transient students with the permission of their home institution and the specific approval of the school of Yeshiva University to which they have applied. For the semester(s) attended, transient students must be enrolled exclusively at Yeshiva University (i.e., they cannot take individual courses while continuing their studies at the home institution).

Transfer Students: Applicants who have attended another college must satisfy the same requirements as applicants who matriculate directly from high school. Applicants must have maintained a B average or its GPA equivalent at the institution from which they are transferring. In order to have their previous course work evaluated, transfer students should forward updated transcripts, syllabi and course descriptions prior to their arrival on campus.

Early Admission Program: An applicant must complete the junior year of high school, with a minimum of six regular academic-year terms in residence. Fifteen units must be completed, including the following 11:

- English Language- 3
- Additional Language- 2
- Social Studies- 2
- Mathematics- 2
- Science-2

A student applying to the Early Admission Program, under which the student may take a full college program, must present a high school average of at least 90 or its grade point average (GPA) equivalent, and a combined score of 1300 on the SAT I critical reading and mathematics sections or a composite score of 28 on the ACT.

An official letter of recommendation is required from the applicant's principal or college guidance counselor for admission into the Early Admission Program.

Applicants who are not high school graduates: Applicants who have not completed high school (or foreign applicants who do not have the equivalent diploma or cannot produce records) may be admitted if they pass the High School Equivalency examination administered by New York State (commonly called the "GED test") in addition to performing well on the College Board tests. Full details about the GED test may be secured from any high school in New York or, in other states, from the Department of Education.

All students, regardless of their status, must meet all standards and comply with all regulations and requirements

ADVANCED PLACEMENT EXAMINATIONS

Application Components

AP credit may be used to fulfill major and general education requirements. Students who have taken the Advanced Placement Examination in high school may qualify for college credit. A student who earns credit in any discipline must consult with the department chair before registering for advanced courses in that discipline.

AP credit is applied automatically once the Office of the Registrar receives an official score report from the College Board. Students must request that their scores be sent to Yeshiva University (code 2990), which they can do online. Students need not fill out any additional forms.

Credit and Exemption

Credit for AP exams are awarded for scores of 5 and in some instances, a score of 4. Scores lower than 4 do not earn credit. This includes the AP Jewish History as well. No credit is given for AP English Literature.

Pre-med students: Pre-med students who have taken the AP Biology course and examination, especially those not planning to major in Biology, should be aware that they may not be prepared at a sufficient level for serious consideration by medical schools unless they take biology courses in college.

Students who do not take advanced biology electives are advised to retake Principles of Biology I & II instead (but will not be allowed to count both the AP and these courses retaken at the college for credit).

Duplication of AP and Yeshiva College Courses

Students may not claim both AP and Yeshiva College credit for the same course. A student may choose not to accept credit for an AP course on his transcript and elect to take the Yeshiva College course instead; however, once he does take the course he must accept the Yeshiva College grade.

The Bechinah Yerushalmit (Jerusalem Examination)

The Bechinah Yerushalmit is an AP-like test in Hebrew language and literature administered by Hebrew University in various locations around the world. The Bechinah Yerushalmit is only awarded credit if taken before the student graduated high school. Transfer credit and/or Hebrew Language exemptions are awarded as follows:

- Students who receive **75% through 84%** on the Jerusalem Exam scaled score (including both sections) will receive 3 credits for the Jerusalem Exam. These 3 credits will be listed at the beginning of the transcript as transfer credit and will be recorded as Hebrew Elective – 3 credits. Additionally, the student is required to take the regular Hebrew Placement Exam. These tests are administered by the Hebrew Department during Orientation.
- In addition to receiving the aforementioned credits for Hebrew Elective – 3 credits, students who score **85% and higher** on the Jerusalem Exam scaled score are automatically exempt from one semester of the Hebrew requirement. They do NOT have to take the Placement Test, but they are required to take **one** semester of Hebrew – either Advanced Hebrew I (Hebrew 1305) or Advanced Hebrew II (Hebrew 1306). (To be placed directly into HEB 1306 the student would need to pass the 1305 exemption test.) They may attempt the 1306 Exemption Test if they wish to be exempted from the requirement to take any Hebrew course. These tests are administered by the Hebrew Department during Orientation.

- Students who wish to receive credit for the Jerusalem Exam should submit to the registrar the documents issued by the WZO Jerusalem Exam office to determine the scaled score. The registrar will also forward a copy of the document for those students who scored 85% and above to the Hebrew Program Coordinator.

The British A-Level Examinations

- Students who receive a grade of “B” or better on their A-Level exams may receive credit.
- Faculty will need to evaluate the provisional statements (which outlines the topics that were covered through the examination) to determine what each exam may fulfill.
- If there is an A-Level that does not fit into our curriculum a student may receive general elective credit.
- Under no circumstances will credit be granted without the original certificate.
- The following A-level exams have been evaluated by YC faculty:

<u>Exam</u>	<u>YC Course Equivalent</u>	<u>Credits</u>
Computing	COM 1300C & COM 1320C	8
Economics	ECO 1010	3

Mathematics	MAT 1412, MAT 1413, MAT 1510, PHY 1051R, STA 1021	18
Physics	PHY 1031C & PHY 1032C	8

No credit is awarded for the Israeli Bagrut or Psychometric Exams, or the French Baccalauréat.

COLLEGE COURSES FOR HIGH SCHOOL STUDENTS

Yeshiva University High School seniors with good records may take individual undergraduate courses for college credit at Yeshiva College or the Sy Syms School of Business. Although these courses do not count toward undergraduate residency requirements they do appear on the students' permanent record. Students need approval from both the high school principal as well as the Dean of the school. For information on availability of courses, contact the Office of the Registrar.
