

**Critical Therapy Institute (CTI) is  
Accepting Applications to our Clinical Training Program**

If you believe in the transformative power of psychotherapy to change individuals who change the world, join CTI. CTI offers a four-year program combining didactic and experiential learning, with direct clinical work.

Some highlights of CTI's clinical training program:

- **Small group instruction:** providing unique, personalized attention and support;
- **Critically conscious curriculum:** combines the best of psychoanalysis and social justice traditions;
- **Relational supervision:** the trainee's experience and process is explored alongside the parallel process with their supervisor;
- **Affordability:** trainees pay a sliding scale fee for the program, and once they start seeing patients in the spring of year one, they keep the entire fee that clients pay;
- **Time commitment:** Classes are two hours long and meet on a bi-weekly basis for fall, spring, and summer semesters each year;
- **Flexibility:** trainees can build a caseload of patients beginning the spring of year one based on their individual readiness and availability;

We will be hosting a **virtual information session on May 9 at 7:00-8:00pm** for anyone interested in learning more and asking questions. [Sign-up here if you would like to attend](#) and you will receive the Zoom link to join. The event will not be recorded.

To learn more, visit the [website](#) and [apply](#) by **May 23, 2022**. Please contact [admissions@criticaltherapy.org](mailto:admissions@criticaltherapy.org) with any questions.
