Description
The social worker position provides a full range of employment services to individuals and adjusts interventions as needed based on the social workers assessment of participant needs. Direct services experience with population served by the program is preferred as this position is responsible for direct oversight of a caseload.

Clinical supervision offered for this position can be applied toward LCSW licensure or licensure as a Mental Health Counselor.

Summary
The CUCS/Career Network is an innovative program that uses the evidence-based practice of supported employment to help program participants achieve their employment goals.

There are two positions available -- One position is located in Brooklyn with the other position located in Manhattan's Lower East Side. *Please note that at the present time the Career Network is working on a hybrid remote/office basis with program participants. We anticipate a return to our offices on a full-time basis by September 2021.

We provide services to both CUCS's supported housing programs and to individuals living in the community at large. We work with individuals with various special needs including a history of severe mental illness, HIV/AIDS, substance use and or a history of homelessness. Our services are person centered, using a strengths-based, harm reduction model. We work collaboratively as a team of social workers to develop clinical and workforce development interventions to help our participants thrive as they try out challenges in the world of work. The program seeks to assist participants in their recovery path with the goal of assisting them toward living a full and satisfying life in the community.

In this position you will be able to work toward your LSCW or LMHC by obtaining the necessary clinical practice hours and receiving supervision by a licensed clinical Social Worker.
