

Clinical Neuropsychology Minor

(Last Updated: 2/14/21)

*The following days/times are based on the 2021-2022 academic schedule.
Please refer to your cohort's curriculum planner for the most up to date class times.

Clinical Neuropsychology Minor Requirements (Minor Director: Dr. Roe Holtzer)

- **Physiological Psychology** (PSA 6930) (Pre-requisite for Intro to Clinical Neuropsychology) – *Spring Tuesday 12-2*
- **Neuroscience of Human Behavior, Cognition, and Affect** (PSH 6014) (Pre-requisite for Intro to Clinical Neuropsychology) – *Spring Tuesday 12-2*
- **Psychopharmacology** (PSA 6071) – *Spring Wednesday 6-8*
- **Introduction to Clinical Neuropsychology I** (PSH 6011) – *Fall Thursday 4-6*
- **Introduction to Clinical Neuropsychology I** (PSH 6012) – *Spring Thursday 4-6*
- **A year-long Clinical Neuropsychology Externship**

Standard Schedule for Clinical PsyD Students

- Spring Year 2: Physiological Psychology (PSA 6930)
- Spring Year 3: Neuroscience of Human Behavior, Cognition, and Affect (PSH 6014)
- Fall Year 4: Introduction to Clinical Neuropsychology I (PSH 6011)
- Spring Year 4: Introduction to Clinical Neuropsychology II (PSH 6012)
- Spring Year 4: Psychopharmacology (PSA 6071)
- Year 4: A year-long Clinical Neuropsychology Externship approved by Dr. Holtzer
- *Students in the Neuropsychology minor must ensure that their externship does not interfere with required courses for the minor.

Exceptions for Neuropsychology Minors

- Students pursuing a neuropsychology minor will be unable to enroll in the dual track
- Students pursuing a neuropsychology minor will be excused from their Category C requirement, *or* one of their Category A (for students completing two years of the CBT track) or Category B (for students completing two years of the psychodynamic track) and/or may delay the category A or B of the opposite track.
- Students who take fewer credits in their 1st or 2nd year due to transferred credits from a master's level program, are also able to adopt to take neuropsychology requirements in those years.
- Students doing two years of the psychodynamic therapy track may take History & Systems with the Clinical PhD Health Emphasis Program (with permission from instructor) in the Fall in order to accommodate both Object Relations and Self Psychology in the Spring.
- If students are not able to accommodate required courses in addition to their neuropsych requirements (e.g., lifespan, social psychology), they can speak to their academic advisor or program director to move courses to other semesters or take courses offered by other programs.

Standard Schedules and Accelerated Schedules are described in detail below.

Standard Schedules for the Clinical Neuropsychology Minor

*Minor completed by the end of Year 4

CBT Two Years – Neuropsychology Minor Completed by Year 4

| | Fall | Spring |
|-----------------------------|---|--|
| 3rd Year | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro CBT Practicum – Wed 10-12 • ICPR – Wed 2-4 • Lifespan Development – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPI/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • CBT I – Thurs 2-4 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Neuroscience of Human Behavior, Cognition, and Affect – Tues 12-2 • Intro CBT Practicum – Wed 10-12 • Research Methods – Wed 2-4 • Cognitive and Affective Bases of Behavior – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPII/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • CBT II – Thurs 2-4 |
| 4th Years | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced CBT Practicum – Wed 8-10 • Supervision and Consultation – Wed 2-4 • Social Psychology – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych I – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced CBT Practicum – Wed 8-10 • Data Analysis or Qualitative Research Wed 2-4 • History & Systems -- Wed 4-6 • Psychopharmacology – Wed 6-8 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych II – Thurs 4-6 |

* Excused from completing either their Category C requirement *or* one of their Category A (either Self Psychology or Interpersonal Psychotherapy depending on their half of the alphabet)

Psychodynamic Two Years (First Half of the Alphabet)– Neuropsychology Minor Completed by Year 4

| | Fall | Spring |
|----------------------------|---|---|
| 1st Year | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Lifespan Psychopathology I – Tues 2-4 • Cognitive Assessment w/ Practicum – Wed 10-12 (lab 6-8) • Concepts in Psychotherapy – Wed 12-2 • Multicultural and Diversity Issues – Wed 4-6 • Research Seminars – Thurs 10-12 • Basic Psychotherapy Skills Practicum – Thurs 12-2 • Colloquia/Meetings – Thurs 12-2 • Clinical Interviewing w/ Practicum Lab – Thurs 2-4 (lab 4-6) | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Behavior Therapy – Tues 10-12 • Lifespan Psychopathology II – Tues 2-4 • Personality Assessment w/ Practicum – Wed 10-12 (lab W6-8) • Evidence Based Psychodynamic Therapies – Wed 12-2 • Issues in Professional Practice – Wed 2-4 • Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |
| 2nd Year | <ul style="list-style-type: none"> • Externship IA – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Cognitive Therapy – Tues 10-12 • Clinical Assessment with Practicum I – Tues 2-4 (lab var.) • Research Seminar I – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Statistics – Thurs 2-4 (lab TBD) • | <ul style="list-style-type: none"> • Externship IB – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Physiological Psychology – Tues 12-2 • Clinical Assessment w/ Practicum II – Tues 2-4 (lab var.) • Research Seminar II – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Self Psychology – Thurs 2-4 |
| 3rd Year | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro PD Practicum – Wed 10-12 • ICPR – Wed 2-4 • Lifespan Development – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPI/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Interpersonal Psychotherapy – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Neuroscience of Human Behavior, Cognition, and Affect – Tues 12-2 • Intro PD Practicum – Wed 10-12 • Object Relations – Wed 12-2 • Research Methods – Wed 2-4 • Cognitive and Affective Bases of Behavior – Wed 4-6 • Professional Seminar – Thurs 9-10 |

| | | |
|-----------------------------|--|--|
| | | <ul style="list-style-type: none"> • RPII/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |
| 4th Years | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced PD Practicum – Wed 8-10 • Supervision and Consultation – Wed 2-4 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych I – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced PD Practicum – Wed 8-10 • Data Analysis or Qualitative Research Wed 2-4 • History & Systems -- Wed 4-6 • Psychopharmacology – Wed 6-8 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych II – Thurs 4-6 |

* Excused from completing either their Category C requirement *or* one of their Category B requirements (either Cognitive Therapy or Behavior Therapy)

Psychodynamic Two Years (Second Half of the Alphabet)– Neuropsychology Minor Completed by Year 4

| | Fall | Spring |
|-----------------------------|--|--|
| 1st Year | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Cognitive Therapy – Tues 10-12 • Lifespan Psychopathology I – Tues 2-4 • Cognitive Assessment w/ Practicum – Wed 10-12 (lab 6-8) • Concepts in Psychotherapy – Wed 12-2 • Multicultural and Diversity Issues – Wed 4-6 • Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Basic Psychotherapy Skills Practicum – Thurs 12-2 | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Lifespan Psychopathology II – Tues 2-4 • Personality Assessment w/ Practicum – Wed 10-12 (lab W6-8) • Evidence Based Psychodynamic Therapies – Wed 12-2 • Issues in Professional Practice – Wed 2-4 • Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Clinical Interviewing w/ Practicum Lab – Thurs 2-4 (lab 4-6) |
| 2nd Year | <ul style="list-style-type: none"> • Externship IA – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Clinical Assessment with Practicum I – Tues 2-4 (lab var.) • Research Seminar I – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Statistics – Thurs 2-4 (lab TBD) • Interpersonal Psychotherapy – Thurs 4-6 | <ul style="list-style-type: none"> • Externship IB – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Behavior Therapy – Tues 10-12 • Physiological Psychology – Tues 12-2 • Clinical Assessment w/ Practicum II – Tues 2-4 (lab var.) • Research Seminar II – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |
| 3rd Year | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • History & Systems (Health Program) – Tue 12-2 • Intro PD Practicum – Wed 10-12 • ICPR – Wed 2-4 • Lifespan Development – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPI/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Neuroscience of Human Behavior, Cognition, and Affect – Tues 12-2 • Intro PD Practicum – Wed 10-12 • Object Relations (Wed 12-2) or Self (Thurs 2-4) • Research Methods – Wed 2-4 • Psychopharmacology – Wed 6-8 • Professional Seminar – Thurs 9-10 • RPII/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |
| 4th Years | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced PD Practicum – Wed 8-10 • Supervision and Consultation – Wed 2-4 • Social Psychology – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych I – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced PD Practicum – Wed 8-10 • Object Relations (Wed 12-2) or Self (Thurs 2-4) • Data Analysis or Qualitative Research Wed 2-4 • Cognitive and Affective Bases of Behavior – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych II – Thurs 4-6 |

* Excused from completing either their Category C requirement or one of their Category B requirements (either Cognitive Therapy or Behavior Therapy)

* To accommodate both Object Relations and Self Psychology in the Spring, students in this category will need to take History & Systems with the Health Program in the Fall

Accelerated Schedule for the Clinical Neuropsychology Minor

*Minor completed by the end of Year 3

Schedule Adjustments

Several exceptions can be made for students trying to complete their neuropsychology minor before their 4th year (i.e., completed within the 1st, 2nd, and 3rd year of the program). Students interested in making changes to their course schedules must meet with their academic advisor and the program director for approval. Students pursuing an accelerated neuropsychology minor will likely need to make this decision in their first year.

Depending on which psychotherapy track is selected (i.e., either two years of CBT or two years of psychodynamic) and the student’s half of the alphabet, students will be offered several accommodations to help them complete the neuropsychology minor before their 4th year. The specific accommodations are detailed in the sample schedules below. Please note, the following are based on 2021-2022 academic schedules.

CBT Two Years (either half of the alphabet)– Accelerated Neuropsychology Minor

Due to changes with the course curriculum, students interested in two years of CBT and an accelerated Neuropsychology Minor should meet with the program director and their academic advisor to discuss scheduling options for their required courses.

Psychodynamic Two Years (First Half of the Alphabet, taken Self Psychology in Year 2) – Accelerated Neuropsych Minor

| | Fall | Spring |
|----------------------------|--|---|
| 1st Year | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Concepts in Psychotherapy – Tues 12-2 • Lifespan Psychopathology I – Tues 2-4 • Cognitive Assessment w/ Practicum – Wed 10-12 (lab 6-8) • Multicultural and Diversity Issues – Wed 4-6 • Research Seminars – Thurs 10-12 • Basic Psychotherapy Skills Practicum – Thurs 12-2 • Colloquia/Meetings – Thurs 12-2 • Clinical Interviewing w/ Practicum Lab – Thurs 2-4 (lab 4-6) | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Neuroscience of Human Behavior, Cognition, and Affect – Tues 12-2 • Lifespan Psychopathology II – Tues 2-4 • Personality Assessment w/ Practicum – Wed 10-12 (lab W6-8) • Evidence Based Psychodynamic Therapies – Wed 12-2 • Issues in Professional Practice – Wed 2-4 • Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |

| | | |
|-----------------------------|--|---|
| 2nd Year | <ul style="list-style-type: none"> • Externship IA – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Cognitive Therapy – Tues 10-12 • Clinical Assessment with Practicum I – Tues 2-4 (lab var.) • Research Seminar I – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Statistics – Thurs 2-4 (lab TBD) | <ul style="list-style-type: none"> • Externship IB – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Physiological Psychology – Tues 12-2 • Clinical Assessment w/ Practicum II – Tues 2-4 (lab var.) • Research Seminar II – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Self Psychology – Thurs 2-4 |
| 3rd Year | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro PD Practicum – Wed 10-12 • Research Methods – Wed 2-4 • Lifespan Development – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPI/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych I – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro PD Practicum – Wed 10-12 • ICPR – Wed 2-4 • Cognitive and Affective Bases of Behavior <i>or</i> History & Systems – Wed 4-6 • Psychopharmacology – Wed 6-8 • Professional Seminar – Thurs 9-10 • RPII/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych II – Thurs 4-6 |
| 4th Years | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Advanced PD Practicum – Wed 8-10 • Supervision and Consultation – Wed 2-4 • Social Psychology – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Interpersonal Psychotherapy – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Behavior Therapy – Tues 10-12 • Advanced PD Practicum – Wed 8-10 • Object Relations – Wed 12-2 • Data Analysis <i>or</i> Qualitative Research Wed 2-4 • Cognitive and Affective Bases of Behavior <i>or</i> History & Systems – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |

- To accommodate the NP minor, Behavior Therapy will be delayed to the 4th year and replaced with Neuroscience of Human Behavior, Cognition and Affect.
- Excused from completing either their Category C requirement *or* one of their Category B requirements (either Cognitive Therapy or Behavior Therapy)
- Excused from completing one of the three required psychodynamic electives (Interpersonal, Object Relations, and Self Psychology)
- Can take Dreams in Psychotherapy as an alternative psychodynamic elective if needed
- Completion of psychodynamic electives (Interpersonal, Object Relations, and Self Psychology) will be delayed to the end of their 4th year

Psychodynamic Two Years (Second Half of the Alphabet, taken Interpersonal Psychotherapy in Year 2) – Accelerated Neuropsych Minor

| | Fall | Spring |
|----------------------------|--|--|
| 1st Year | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Cognitive Therapy – Tues 10-12 • Concepts in Psychotherapy – Tues 12-2 • Lifespan Psychopathology I – Tues 2-4 • Cognitive Assessment w/ Practicum – Wed 10-12 (lab 6-8) • Multicultural and Diversity Issues – Wed 4-6 • Research Seminars – Thurs 10-12 • Basic Psychotherapy Skills Practicum – Thurs 12-2 • Colloquia/Meetings – Thurs 12-2 | <ul style="list-style-type: none"> • Professional Seminar – Tues 9-10 • Lifespan Psychopathology II – Tues 2-4 • Personality Assessment w/ Practicum – Wed 10-12 (lab W6-8) • Evidence Based Psychodynamic Therapies – Wed 12-2 • Issues in Professional Practice – Wed 2-4 • Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Clinical Interviewing w/ Practicum Lab – Thurs 2-4 (lab 4-6) |

| | | |
|-----------------------------|---|---|
| 2nd Year | <ul style="list-style-type: none"> • Externship IA – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Clinical Assessment with Practicum I – Tues 2-4 (lab var.) • Research Seminar I – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Statistics – Thurs 2-4 (lab TBD) • Interpersonal Psychotherapy – Thurs 4-6 | <ul style="list-style-type: none"> • Externship IB – Mon & Fri 16 hrs • Professional Seminar – Tues 9-10 • Neuroscience of Human Behavior, Cognition, and Affect – Tues 12-2 • Physiological Psychology – Tues 12-2 • Clinical Assessment w/ Practicum II – Tues 2-4 (lab var.) • Research Seminar II – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 |
| 3rd Year | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro PD Practicum – Wed 10-12 • Research Methods – Wed 2-4 • Lifespan Development – Wed 4-6 • Professional Seminar – Thurs 9-10 • RPI/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych I – Thurs 4-6 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Intro PD Practicum – Wed 10-12 • ICPR – Wed 2-4 • Cognitive and Affective Bases of Behavior (Wed 4-6) <i>or</i> Object Relations (Wed 12-2) <i>or</i> IPT (Th 2-4) • Psychopharmacology – Wed 6-8 • Professional Seminar – Thurs 9-10 • RPII/ Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 • Introduction to Clinical Neuropsych II – Thurs 4-6 |
| 4th Years | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • History & Systems (Health Program) – Tues 12-2 • Advanced PD Practicum – Wed 8-10 • Supervision and Consultation – Wed 2-4 • Social Psychology – Wed 4-6 • Professional Seminar – Thurs 9-10 • Advanced Research Seminars – Thurs 10-12 • Colloquia/Meetings – Thurs 12-2 | <ul style="list-style-type: none"> • Externship – Mon & Fri 16-18 hrs • Behavior Therapy – Tues 10-12 • Advanced PD Practicum – Wed 8-10 • Cognitive and Affective Bases of Behavior (Wed 4-6) <i>or</i> Object Relations (Wed 12-2) <i>or</i> Self (Th 2-4) • Data Analysis <i>or</i> Qualitative Research Wed 2-4 • Professional Seminar – Thurs 9-10 • Colloquia/Meetings – Thurs 12-2 • Advanced Research Seminars – Thurs 10-12 • Cognitive and Affective Bases of Behavior (Wed 4-6) <i>or</i> Object Relations (Wed 12-2) <i>or</i> Self (Th 2-4) |

- To accommodate the NP minor, Behavior Therapy will be delayed to the 4th year and replaced with Neuroscience of Human Behavior, Cognition and Affect.
- Excused from completing their Category C requirement or one of their Category B requirements (either Cognitive Therapy or Behavior Therapy)
- Excused from completing one of the three required psychodynamic electives (Interpersonal, Object Relations, and Self Psychology)
- Completion of psychodynamic electives (Interpersonal, Object Relations, and Self Psychology) will be delayed to the end of their 4th year
- Can take Dreams in Psychotherapy as an alternative psychodynamic elective if needed
- To accommodate Object Relations, Self-Psychology and CABB in the Spring, students in this group will need to take History & Systems with the Health Program in the Fall
- Further accommodations will be made to take both Physiological Psychology and Neuroscience of Human Behavior, Cognitions and Affect (both currently scheduled for Tues 12-2 of the 2nd year)
