

**Role Description****Title: Clinical Social Work Supervisor****Reports To:** The Clinical Social Work Supervisor will report to Advenium's Clinical Director**Full/Part/Consulting:** These are being offered in full and part time positions**Location:** Boro Park (Brooklyn), NY, and Suffern, NY, (as well as local satellite locations)

**Job Overview:** The Clinical Social Work Supervisor assists the Clinical Director in oversight of day-to-day clinical responsibilities and will co-facilitate Advenium group therapy sessions. This includes collaborating closely with group facilitators to provide ongoing guidance and direction and maintain proper oversight of groups. Additionally, writing up therapy notes on the groups overserved and co-facilitated, and conducting evaluation meetings with group members. The Clinical Social Work Supervisor will also be responsible for data collections in groups.

**Responsibilities and Duties:**

- Observe groups daily and ensure the curriculum is being properly implemented.
- Assist facilitator with delivery of therapeutic concepts and interventions.
- Providing guidance in the advent of safety dilemmas.
- Be the on-site clinical lead while group sessions are underway.
- Check in with group facilitators on a regular basis and provide assistance as needed.
- Follow up with group facilitators not less than once every two weeks and/or develop alternative forms of receiving and providing feedback regularly.
- Measure the efficacy of group interventions and patient progress.
- Write up progress notes for each group participant and make sure paperwork (i.e., progress notes, plans of care, continuation of care plans, etc.) is completed on time and accurately.
- Attend weekly supervision meetings with the clinical director and other social workers.
- Other duties may be assigned as needed.

**Qualifications:**

- LCSW
- Have a thorough knowledge of DSM Diagnosis, human development, behavioral modalities, attachment theories, trauma theories and updated treatment approaches.
- Background in clinical work.
- Experience applying theory in practice.
- Must have a flexible schedule which will include some evenings and/or Sundays.

**Compensation:** Commensurate with experience**Covid-19 Precautions:** Remote interview process
