Statement on Diversity, Equity and Inclusion

The graduate health sciences programs at the Katz School of Science and Health prioritize individual dignity and promote a culture of diversity, inclusivity and equity in a supportive patient care, learning and research environment. We are committed to creating a community that recognizes and embraces diverse backgrounds and identities.

Every student, faculty member, patient and their family will be treated with respect, dignity and professionalism. We do not tolerate or condone discrimination.

We are committed to delivering health care and education in a manner that respects diversity and inclusivity with the full intent of achieving better health, happiness, quality of life and communication outcomes for all.
