Dining Services

Your Flex Dollars

How to use them:

For the Spring 2021 Semester Flex Dollars at participating establishments can be spent using the One Card app on your mobile device. You may download the app by searching for “touchnet OneCard” in the App or Google Play store. Should you have problems loading or using the app please contact the OneCard office at yucardsupport@yu.edu.

How to use your funds at a participating restaurant:

Please contact the restaurant in advance to place your order. Their preferred method of placing an order is listed below. You must pay at the time your order is placed. Then just go to the establishment, show your ID and pick up your order!

Due to current Covid conditions we ask that you do not go to the establishment without placing your order in advance. Even when indoor dining restrictions are lifted, we ask that you do not utilize the establishment’s limited seating. As students can only sit one per table, doing so would cause harm to their livelihood.

Wilf Campus
