To: ALL INCOMING STUDENTS PLANNING FOR 1ST YEAR FIELD PLACEMENTS FOR SEPTEMBER 2017:

We are pleased to welcome you to Wurzweiler. We want to introduce you to the Field Instruction Office and to provide you with vital information regarding the planning of your field placement.

Field work is a prominent part of your progression as a social work professional. The development of social work skill occurs in field placement through the student’s efforts to develop the conscious use of self by applying social work knowledge and values to the real experience with clients.

Field education takes place in a social agency or in a host setting where social services are offered to members of the community.

Students will either be assigned to an agency for field placement or will be approved for work-study field placements. Agencies are approved by the school as educational sites based on their ability to provide learning experiences which meet standards for field instruction.
