**These dates can change, so please check the academic calendar for the year in question.
Please note that the total time from submission of the first draft of RPII to the advisor to submission of final project to the Psychology Office is about 6 months. Below are sample timelines based on the following assumptions:

a) Faculty members provide feedback on each draft within about 3 weeks (except for the revisions following the oral defense; these should be completed more quickly).

b) Students spend about 3 weeks on each complete draft of the RPII.

c) Students should be mindful that advisors may have different timelines they follow and should take into account their advisors’ and their own vacations.

d) Students who wait until close to a graduation deadline to defend will likely find that their advisor and readers need more time than usual to provide feedback because they are working with multiple students trying to meet the deadline.

1) Refer to “Secondary Advisor for Research Project II Timeline and Process” on CSR.

2) Submit proposal to research advisor by 11:59 pm on June 15 of 3rd Year and work on revisions with primary and secondary advisors.

3) After meeting with primary and secondary advisors, submit “RP2 Proposal Signoff” form under Research Project Forms on CSR Page to Dawn Basnight in Psychology Office.
   a. Student must set up meeting by Oct 1 and submit signoff by Oct 15.
   b. Dawn will obtain program director’s signature.
   c. Dawn will scan a copy to student for their records and Dr. Schumpf for externship/internship purposes.

4) Submit “Research Project II Approval” under Research Project Forms on CSR Page to Dawn Basnight in Psychology Office.
   a. Student may complete this form in advance, but this is also provided when the student is scheduling oral defense.
   b. This must be signed by your research advisor.
   c. Dawn will obtain program director’s signature.

5) Submit “Research Project II Cover/Title Page” under Research Project Forms on CSR Page to Dawn Basnight in Psychology Office.
   a. This must be signed by your research advisor.
   b. You do not need to submit entire hard copy of RPII. Only cover page is needed.

6) Students who plan to defend must schedule their oral defense with the Psychology Office at least 2 weeks in advance of their oral defense date. Students who plan to graduate should schedule their oral defense early enough to have time to work on revisions and submit their research project/dissertation before the degree date.
