STUDENT TEACHER
Clinical Semester
HANDBOOK

2018-2019

This handbook is designed to provide student teachers, cooperating teachers, supervisors, and principals with information about the SCW clinical semester of student teaching. It was composed in direct consultation with the *NYC Department of Education Student Teaching Handbook*.

Table of Contents

1. Student Teachers	p. 1
2. Cooperating Teachers	p. 4
3. Graduation Requirements	p. 5
4. Certification Requirements (NYSTCE)	p. 6
5. Frequently Asked Questions	p. 7
6. Appendix	p. 8

1. Student Teachers

A. Requirements

1. All pre-service candidates who have been recommended to the professional semester at SCW must have their background check & fingerprinting completed, and been successfully registered in the PETS system by our certifications office, Dr. Joan Rosenberg (joan.rosenberg@yu.edu), in advance of the clinical semester of student teaching. All matters related to New York State certification requirements, fingerprinting, University certification codes, and status of initial certification applications should be directed to her.
2. All pre-service candidates planning to student teach in a NYC public school must register with the NYCDOE via the online system at the Teachers Support Network website. Visit <http://nyc.teachersupportnetwork.com/studentteacher> to create a user account and complete your online registration.
3. Please update your student teacher placement information as part of the registration process. If you do not know your placement information when you first create your user account, you can log back in at a later date to add your placement information. Once you have fully completed all the required steps, you should print your placement confirmation letter from the site. Your host school principal or his/her representative may ask to see your placement confirmation letter.
4. Once the PETS registration is complete, you will receive an email with instructions to log into the Applicant Gateway. Click on the link provided in the email to activate your applicant gateway account. Complete all the required forms listed in the Applicant Gateway.
5. Ensure you complete the [OSPRA 104](#) form if you intend to apply for New York State certification. This form sends your fingerprints from NYC to NYS.

6. **REGISTRATION IN TEACH.** Student Teachers should also create a profile and register in the New York State Department of Education TEACH System:

<http://www.highered.nysed.gov/tcert/teach/>. This site links completion of all New York State certification requirements to the candidate's profile. The teacher certification helpline (518-474-3901) is available to answer your questions Monday-Friday from 9:00am-4:30pm. Please use the program codes below:

PROGRAM CODES:

Early Childhood (B-2) Program Option 26052

Childhood (1-6) Program Option 26051

7. Please familiarize yourself with the following Chancellor's regulations prior to student teaching in a New York City public school. You are expected to follow the requirements within each of these regulations:

A420-Pupil behavior and Discipline

A421-Verbal Abuse

A750 Child Abuse

C105-Background Investigations of Pedagogical and Administrative Applicants and Procedures in Cases of Arrest of Employees

B. The First Day of Student Teaching

Upon arriving at the host school for your first day of student teaching (both placements), you should present your registration confirmation (public school placement) and your university letter of introduction (received from faculty supervisor, Professor Greenberg, for both non-public and public school placement).

You will proceed to the assigned classroom. Please stop by the school office to introduce yourself to the principal or assistant principal. It is expected that student teachers follow the SCW for Women dress code in all placements. Professional appearance and dispositions are expected throughout the student teaching semester.

Please review this entire handbook and sign the Student Teacher Responsibilities Contract (Appendix A). There is a copy in the appendix and you will receive another copy the first day of Senior Seminar. It is your responsibility to have your cooperating teacher sign this as well, and return it to your faculty supervisors the first week of student teaching. You will receive another form for your second placement.

C. Student Teaching Responsibilities

In consultation with your cooperating teacher, you will assume responsibility including but not limited to record keeping, planning lessons and units, teaching lessons, assessing student learning, preparing displays and other resources, and day-to-day classroom management. As you become more familiar with the norms and routines of the classroom and host school, you will take-on an appropriate portion of the teaching load and other duties. You are expected to participate in and attend school events, including field trips, parent-teacher conferences, faculty

meetings, professional development, and workshops as approved by your cooperating teacher and faculty supervisors.

D. Student Teaching Guidelines

While you are encouraged to participate in extracurricular activities in which your cooperating teacher is involved, these activities are optional and cannot conflict with the SCW college seminar or other requirements. You are expected to follow the school calendar pertaining to your placement. If you need to miss a day because of illness or an emergency, you should contact your cooperating teacher and your faculty supervisor as soon as possible. In accordance with university guidelines, the supervisor will decide if this time needs to be made up.

Particular care should be shown for the rights to privacy of children and parents. In the event that you are unsure of the proper procedures to be followed in a given situation, you should first consult with your cooperating teacher. If the cooperating teacher is unavailable, you should consult the appropriate administrative personnel at the school site. If no immediate on-site advisor is available, you should contact your university supervisor.

At no time should you photograph students or post any information about students, teachers, or the school on social media platforms. (Teachers may ask student teachers to document children with photography or video on their behalf.). Student teaching, like all teaching, may involve and evoke strong emotional responses. Please use sound judgement and exercise professionalism in all your interactions with students, teachers, parents, administrators, and other school personnel.

It is expected that you arrive on time, turn your cell phone to silent, and do not text or use your phone to take notes. Inform your cooperating teacher if you have any allergies or health concerns at the beginning of your placement. The clinical semester weekly schedule is 3 full days of student teaching and 2 half-days until 12:00 pm. (Fall 18 Childhood student teachers will have seminar on Tuesday and Early Childhood on Wednesday. Times posted in SCW course schedule). You are expected to complete the Student Teaching Attendance form (Appendix B) and have your cooperating sign at the end of every week. You will submit one form per placement. Please photograph the form and save a copy for your records. The physical document should be handed to your faculty supervisor at the conclusion of each placement.

A weekly required seminar at SCW (EDUC 2930) one afternoon or morning a week is the companion course to the student teaching practicum. The content of the course is designed to complement the student teaching experience, and provide valuable information and support for NYSTCE including edTPA, the required workshops, employment opportunities post-graduation, and graduate school.

E. Student Teaching Assessment

You will be formally observed teaching a lesson twice in each placement. One observation will be conducted by your cooperating teacher and one observation will be conducted by your faculty supervisor. Lesson plans will be prepared for each for formal observation using the SCW Lesson plan template available on the Education department website under the resources tab. A sample

has been included in the Appendix. All lesson plans must be submitted to the cooperating teacher and faculty supervisor at least 48 hour prior to teaching the lesson.

Your CT and FS will use the lesson observation rubric to evaluate your lesson. Self-reflection is an important part of teaching and will be formally documented using the reflection Form as included in the appendix and on the website. At the beginning of the placement, the FS will visit your classroom to make sure the placement has gotten off to a good start. Occasionally, the FS will drop by unannounced to informally observe the candidate's performance in the placement.

At the end of each placement, the CT will complete a formal evaluation on the candidate's overall performance in the placement. The student teacher will also formally evaluate the placement using the Student Teaching Placement Evaluation Record (Appendix C). All forms have been included in the appendix.

2. Cooperating Teachers

SCW is proud to partner with master teachers in NYC schools who lead the way in effective instruction for diverse learners in our local community. We value our relationship with our cooperating teachers and appreciate their contribution to our educator preparation program. We are always interested in any feedback, advice, or suggestions in how to improve our program or better respond to the needs of the CTs.

We ask that CTs gradually initiate our candidates into increasing their role and responsibilities in the classroom. We realize that our candidates are guests in your classroom and we promise to be responsive to your needs and concerns throughout the placement. We are required by CAEP to ask you to complete the following for every student teacher placed in your room:

- a. Sign the **Fieldwork Attendance Form** (Appendix D) weekly (Note: it is the student teacher's responsibility to hand it to you).
- b. Complete one formal lesson observation per student teacher using the **SCW Lesson Observation Form** (Appendix E). (Please note, we only ask for one formal lesson observation, but we recommend that the student teacher have many varied small group and whole class teaching experiences as per your classroom environment. Your specific targeted feedback and advice to our candidates is most valuable to their professional growth and development.)
- c. **Conference** with the student teacher following the observed lesson within a reasonable time frame (that day or the next, if possible)
- d. (*Public school placement only*) Advise the student teacher with **edTPA preparation**. https://secure.aacte.org/apps/rl/res_get.php?fid=1622&ref=edtpa
- e. Complete the **Student Teacher Evaluation Form** (Appendix F) at the end of the semester.
- f. At the end of the semester we will email you a **Google Forms Survey** to complete.
- g. Please contact the Faculty Supervisor or Department Chair ASAP if any situation causes you discomfort or concern.

<i>Role</i>	<i>Name</i>	<i>Email</i>
-------------	-------------	--------------

Faculty Supervisor	Donna Greenberg	donna.greenberg@yu.edu
Department Chair	Miriam Hirsch	mhirsch2@yu.edu

All forms have been included with this handbook in the appendix, and another copy has been provided in the CT folder that has been provided to you by our Student Teaching Supervisor, Professor Donna Greenberg.

The Student Teaching Supervisor is responsible for placing and supervising the student teacher in her assigned school site(s). She confers with the cooperating teacher throughout the semester to monitor and evaluate the student teacher's performance in and out of the classroom. Should problems arise in a placement, the supervisor is available to mediate and guide the student teacher and cooperating teacher accordingly. The college supervisor will conduct informal and formal observations during the student teaching semester and is available to discuss any concerns that arise.

3. Graduation Requirements

At the end of the clinical semester, candidates are required to complete the following:

- A. *Exit Essay* - Appendix G
- B. *Exit Survey*- Google Forms Survey to be emailed at the end of the clinical semester
- C. *Exit Interview* - Faculty Supervisors will schedule a private interview with you during reading week. During the interview you will be asked questions related to your edTPA preparation, your experiences in the EPP and you will have an opportunity to offer opinions and suggestions to improve our EPP.
- D. *Alumnae Contact Form*

In addition to the Education Program course work, fieldwork, and student teaching experience, candidates are required to complete four special workshops required by NYS:

1. Preventing Child Abuse Workshop
2. School Violence Prevention & Intervention Workshop (SAVE)
3. Dignity for All Students Act Workshop (DASA)
4. Autism Workshop

Registration for each workshop is detailed below. It is each teacher candidate's responsibility to register, attend, complete, and save the requisite paperwork as evidence of participation. **You will not be able to graduate from Stern College for Women without attendance and participation in all four workshops.** Each student will receive formal documentation upon completion of each workshop. One copy is automatically submitted to the registrar's office and given to Aniruddha Das (adas@yu.edu), and the teacher candidate should also save a copy for their own records. It is not necessary for the teacher candidate to submit the certificate to NYS because SCW is an approved educator preparation program.

1. Preventing Child Abuse Workshop

The workshop on preventing child abuse is given at Stern College for Women or at Azrieli Graduate School at least once a year by a certified provider.

2. S. A. V. E. Workshop

To take the DASA workshop, students should email their request to Rabbi Eliezer Barany (eliezer.barany@yu.edu) from their **YU email account** indicating their name and YU ID#. The student will then receive a link to the Moodle course. Upon completion, the teacher candidate will receive a Certificate of Completion.

3. **DASA Workshop**

The Azrieli Graduate School of Jewish Education will be the provider for the Dignity for All Students Act (DASA) training in Harassment, Bullying and Discrimination Prevention and Intervention. There are two-parts to the DASA training. Part I is a 3 hour face-to-face workshop, followed by Part II which is a hour online training. The live workshop is offered at least once a year at SCW or Azrieli. Students will be provided the link to Part II upon completion of Part I.

4. **Autism Workshop**

To take the Autism workshop, students should email their request to Rabbi Eliezer Barany (eliezer.barany@yu.edu) from their **YU email account** indicating their name and YU ID#. The student will then receive a link to the Moodle course. Upon completion, the teacher candidate will receive a Certificate of Completion.

4. **Certification Requirements**

In addition to the Educator Preparation Program requirements for graduation, candidates applying for initial certification must successfully pass 3 NYS teacher certification examinations. **The State of New York frequently changes its requirements, pass scores, and safety nets for testing.** Students should track the changes in the test requirements at the NYSTCE site www.nystce.nesinc.com NYSTCE bulletins, sample questions, practice tests, and additional resources are available online at: www.nystce.nesinc.com/. Specific exam dates are available online. It is the student's responsibility to pay close attention to registration deadlines.

A. Content Specialty Test (CST Multi-subject)

There are three sections to this exam: literacy (211 or 221), mathematics (212 or 222), and multi-subject (245) which combines science, social studies, art, and physical education content. You may take all tests at once or break them up and take them on separate days. We recommend that you plan to take the literacy section and math section immediately following your junior year literacy and mathematics methods courses. The third multi-subject can be taken any time after you have completed your social studies and science methods courses. The literacy and mathematics tests have both selected and constructed response sections, while the multi-subject section only has selected response.

Early Childhood tests (211/212/245)

Childhood tests (221/222/245)

B. Educating All Students (EAS)

This test examines your knowledge of educating students with diverse learning needs such as English Language Learners and other exceptionalities. This test has both selected

C. edTPA

This test is a portfolio assessment based examination that asks you to plan, teach, and assess your teaching of literacy skill in a unit of at least 3 lessons. Elementary students have an additional mathematics component in which students remediate a small group on a particular mathematical misconception, procedural error, or problem solving strategy. The edTPA handbooks and other resources are available on Canvas as part of your senior seminar course. All artifacts, images, and evidence for your edTPA portfolio are collected during your public school placement. These materials should not contain students' full names or identifiable data. Cooperating teachers have received guidelines about acceptable support. *Note: edTPA is submitted on a special website.

edTPA resources are available at <http://edtpa.aacte.org/>

*edTPA registration and submission information: <http://www.edtpa.com/Home.aspx>

5. Frequently Asked Questions (FAQs)

1. **Can I take other classes during my semester of student teaching?**

Yes, you will need to take at least one Jewish studies course. However, you cannot take any classes before about F or P slot. The semester of student teaching requires working with the classroom teacher for virtually the entire day, excluding the one morning or afternoon a week when you have seminar at SCW. Students will have an additional semester to finish SCW coursework in the spring prior to May graduation.

2. **Can I get certified in both early childhood and elementary?**

Students who graduate from Stern College for Women having completed the NYS approved Education Program, and who are recommended for certification, will receive a base certificate in either Early Childhood (B-2) or Childhood Education (1-6) depending on their major. To obtain a New York State extension certificate in a second area, the student must apply for it on her own, and present evidence of having completed 3 additional credits designed specifically for the extension they are seeking. The student teaching requirement is assumed satisfied since the requirements specify that a portion of it has been done in B-2 classrooms and the other portion in 1-6 classrooms. Therefore, the early childhood students need only take 3 credits in an elementary course and the elementary student need only 3 credits in an early childhood course to be eligible to apply for an extension certificate.

in both cases, the students may take these three credits as undergraduate or graduate students. The extension certificates require a separate application and fee payable to the NYSED. The application is available on the TEACH website: www.highered.nysed.gov/tcert/.

3. Can I get additional certification in special education?

While you cannot receive additional certification in special education, you are required to take one course in special education. Special Education is a Masters level degree and you can further pursue this field in graduate school.

4. What if I want to teach out of NYS?

Students who plan to teach out of state should first obtain NYS certification and then check the out of state education department guidelines for reciprocity.

5. I am having trouble logging into my PETS or TEACH account. Who can help me?

Our certifications officer, Dr. Joan Rosenberg, is available to help you with all certification related matters. She can be reached at joan.rosenberg@yu.edu

SCW Student Teaching Responsibilities Contract

As I begin my clinical semester, I understand the importance of using every opportunity to make my student teaching a constructive learning moment. I am committed to maintaining a professional demeanor throughout the clinical semester. The following responsibilities constitute the minimum criteria necessary for a successful placement and are key components in my final evaluation.

Therefore, I agree to:

- Read the student teaching handbook and know its content.
- Follow the calendar for student teaching provided by the SCW Faculty Supervisors.
- Any variation to the calendar must be approved by my cooperating teacher, supervisor and faculty advisor.
- Report allegations of child abuse, misconduct or student harassment promptly.
- Exchange phone numbers and e-mail addresses with my cooperating teacher and supervisor as soon as my placement is confirmed.
- Be punctual and prompt in all my appointments and with all my assignments.
- Be mindful of the appropriate dress and appearance commensurate to my role as a teacher.
- Be professional in my relationship with the teaching community by being mindful of the school's rules and regulations and being respectful in communicating with my cooperating teacher and university supervisor.
- Confer regularly with my cooperating teacher and university supervisor regarding professional concerns, interests, questions, or problems.
- Notify my supervisor immediately when a problem arises.
- Make regular entries in my student-teaching journal and submit them in a timely fashion.
- Learn my students' names and work to develop an appropriate rapport with them.
- Make every effort to become involved in school life through such means as attending faculty meetings, parent conferences, and after-school activities.
- Participate in professional development days with the school faculty.
- Familiarize myself with the community in which the students live, as well as the neighborhood of the cooperating school.
- Take initiative for assuming increasing teaching responsibilities appropriate to the expectations of my program and level of study.
- Become acquainted with the existing curriculum and materials.
- Strive to implement the methods and strategies I have learned in my courses.
- Write lesson plans for all lessons I teach and make them available to my supervisor and my cooperating teacher.
