The Peer Tutoring Center provides one-to-one tutoring as a service to the students of Stern College to help them achieve their academic goals.

Peer tutoring is currently offered in: Biology, Chemistry, Computer Science, Economics, Experimental Psychology, Genetics, Hebrew, Math/Calculus, Microbiology, Organic Chemistry, Physics, and Statistics.

**Client Responsibilities:**

- Students may make appointments until 24 hours before a session.
- Appointments may only be made 2 weeks in advance and students are limited in the number of sessions they may request (1 per subject per week).
- A student who cannot keep her appointment must cancel online, preferably no later than midnight the night before, and notify her tutor so another student can benefit.
- For an emergency last-minute cancellation, the student should email her tutor and meirah.shedlo@yu.edu.
- Students who miss appointments repeatedly may be blocked from scheduling further sessions.
- Tutoring is limited to students currently enrolled in the specific courses for which they have requested tutoring. Students may not utilize the Tutoring Center for any other purpose, including review for the MCAT, DAT, etc.
- As a courtesy to other students, please avoid overlapping slots (ex. 3-5pm should be 2 discrete slots of 3-4 and 4-5pm).

**Virtual Location:**

- Create/log in to your account at [https://yu2.mywconline.com/](https://yu2.mywconline.com/)
- Select the tutoring schedule for your desired subject from the dropdown menu, and book any available slot! At the time of your appointment, click your slot and then “Start or Join Online Consultation.” Chat with your tutor on the righthand side of the screen - she will help you get started!

We look forward to helping you become the best student you can be! Feel free to contact Meirah (meirah.shedlo@yu.edu) with questions or comments.
