Yeshiva University

FREQUENTLY ASKED QUESTIONS

When am I eligible to participate in the Plan?

There is no waiting period. You can enroll in the Plan at any time.

How do I enroll in the Plan?

To enroll in the Plan, you must complete the Yeshiva University Basic Plan Enrollment Form, a Salary Reduction Agreement Form and a Beneficiary Designation Form. You may obtain these forms from your YU Benefits office or online at <https://www.yu.edu/hr/benefits/forms>.

How much can I contribute?

You may elect to contribute a minimum of \$200 up to a maximum of 80% of your total compensation on a pre-tax or after-tax Roth basis or any combination of the two through payroll deductions, subject to the maximum dollar limits set by IRS regulations.

For those who are under age 50, the IRS contribution pre-tax limit for 2025 is \$23,500.

For those who are age 50 and above, you can make an additional, voluntary catch-up contribution to the Basic Plan of up to \$7,500 in 2025. The catch-up limit is determined by the IRS each year. Under IRS rules, you are eligible to make a Catch-up Contribution, only if (1) you are or will be age 50 or older by the end of the plan year, and (2) you contribute the maximum dollar amount allowed in the plan year to the Basic Plan (\$23,500).

You must complete a Salary Reduction Agreement Form to elect the percentage you would like to contribute to the Basic Plan.

Am I eligible for an employer matching contribution?

Full time faculty, and full time and part time non-union staff who work at least 20 hours per week are eligible for employer matching contributions.

Union employees, adjunct faculty and casual staff are not eligible for the employer matching contribution.

What is the match?

Annual salaries **up to \$62,000** receive a match of up to 7% of salary as long as you contribute at least 2%. If you contribute 2%, Yeshiva University will contribute a matching 2%. If you contribute more than 2%, Yeshiva will match your contribution up to a maximum of 7%.

Annual salaries **above \$62,000** receive a match of up to 6% of salary as long as you contribute at least 2%. If you contribute 2%, Yeshiva University will contribute a matching 2%. If you contribute more than 2%, Yeshiva will match your contribution up to a maximum of 6% of the IRS compensation limits. The match is capped by the IRS at a maximum compensation of \$350,000, so if you contribute 6% of your salary, Yeshiva will contribute a match of up to 6% of \$350,000.

Employees may contribute more than the matching percentage up to the employee contribution limits described above.

When is my enrollment effective?

Your enrollment becomes effective once you have completed and returned the Enrollment Form and Salary Reduction Agreement Form to the YU Benefits office. Contributions should start within one pay period after these have been completed.
