Research supervision will likely entail enrollment in the faculty research lab.</p>

<p>Measurement/ Quantitative</p> <p>Director: Seng</p>	<p><b>Pre-requisites (A and B)</b></p> <p>A. <i>Statistics I</i> Course # PSA 62804 Instructor(s): Zemon</p> <p>or</p> <p>A. <i>Statistics I-</i> Course #: PSS 6280 Instructor: Wadkins</p> <p>or</p> <p>A. <i>Statistics</i> Course #: PSC 6280 Instructor: Wheaton</p> <p>or Required</p> <p>B. <i>Statistics II</i> Course # PSH 6283 Instructor: Zemon</p> <p>Minor (3 out of the 4)</p> <p>1. <i>Applied Statistics in Health</i> Course # PSH 6284 Instructor: Seng</p> <p>2. <i>Introduction to Qualitative Research</i> Course# PSA 6289 Instructor: Auerbach</p> <p>3. <i>Data Analysis</i> Course # PSC 6537 Instructor: Wheaton (open only to clinical students)</p> <p>4. <i>Test construction</i> Course # PSH 6321 Instructor: Swencionis</p>	<p>Research project: dissertation to be supervised by the appropriate faculty. Research supervision will likely entail enrollment in the faculty research lab.</p> <p>+Specific criteria for the research project are provided at the bottom of the table.</p>
<p>Child (only candidates from the Clinical and</p>	<p><i>Sequence of course as noted</i></p> <p><i>Pre-requisite:</i></p>	<p>Externship dedicated to child. Significant effort (75% or higher) must be devoted to child</p>

<p>clinical health program are eligible)</p> <p>Director: Givner</p>	<p><i>Developmental Psychopathology</i> Course # PSS 6250 Instructor: Doctoroff</p> <p>1. <i>Introduction to Child Therapy</i> Course # PSS 6610 Instructor: Gerson</p> <p>2. <i>Evidence Based Interventions with Youth I (Externalizing)</i> Course # PSS 6449 Instructor: Doctoroff</p> <p>3. <i>Evidence based Interventions with Youth II (Internalizing)</i> Course # PSS 6450 Instructor: Wadkins</p>	<p>therapy/assessment. Criteria to be determined by appropriate faculty.</p> <p>Or</p> <p>Research project: dissertation to be supervised by appropriate faculty. Research supervision will likely entail enrollment in the faculty research lab.</p>
<p>Adult (only candidates in the school-clinical-child program are eligible)</p> <p>Director: McGinn</p>	<p><i>Pre-requisite</i> <i>Adult Psychopathology (from health or clinical)</i> Course # PSC 6813 Instructor: Van Meter</p> <p>Three out of the five:</p> <p>1. <i>Cognitive therapy</i> Course # PSC 6497 Instructor: Eubanks-Carter</p> <p>2. <i>Behavior therapy</i> Course # PSH 6500 Instructor: Gonzalez</p> <p>Or</p> <p>2. <i>Behavior Therapy</i> Course # PSC 6478 Instructor: Rubin</p> <p>3. <i>Self Psychology</i> Course # PSC 6491 Instructor: Auerbach</p> <p>4. <i>Object Relations Theory and Therapy (pre-</i></p>	<p>Externship dedicated to adult. Significant effort (75% or higher) must be devoted to adult therapy/assessment. Criteria to be determined by appropriate faculty.</p> <p>Or</p> <p>Research project: dissertation to be supervised by appropriate faculty. Research supervision will likely entail enrollment in the faculty research</p>

	<p>requisite is <i>Psychoanalytic Theory</i>)  Course # PSC 6175  Instructor: Aviram</p> <p>5. <i>Interpersonal and Relational Psychotherapy</i>  Course # PSC 6498  Instructor: Rock</p>	
<p>Gero-psychology</p> <p>Director: Zweig</p>	<p><b>GeroPsychology Minor (9 credits):</b> All students interested in the <b>Gero-psychology Minor</b> must take the one-semester course titled <i>Psychological Assessment and Treatment of Older Adults</i>, (PSC 6448, Dr. Richard Zweig, 3 credits) as well as two other courses in gero-psychology (6 credits) from the following list:</p> <ol style="list-style-type: none"> <li>1. <i>Science of Cognitive and Affective Function</i> (PSA 6014, Dr. Jeannette Mahoney, 3 credits)</li> <li>2. <i>Gero-psychology Practicum I and II</i> (PSC 6449 &amp; 6550, Dr. Richard Zweig, 1.5 credits each - 3 credits total)</li> <li>3. <i>Research in Depression &amp; Personality Disorders in Older Adults I</i> (PSC 6529, Dr. Richard Zweig, 3 credits)</li> <li>4. <i>Research in Depression &amp; Personality Disorder in Older Adults II</i> (PSC 6530, Dr. Richard Zweig, 3 credits) (pre-requisite is item 3)</li> <li>5. <i>Geriatric Neuropsych Lab</i> (PSC 6449L &amp; 6450L, Dr. Erica Weiss, 0 Credits)</li> <li>6. <i>Introduction to Clinical Neuropsychology I</i> (PSH 6011, Dr. Roe Holtzer, 3 credits)**</li> <li>7. <i>Introduction to Clinical Neuropsychology II</i> (PSH 6012, Dr. Roe Holtzer, 3 credits)**</li> </ol> <p>*Please note that 5 is open to participants in the FOAP gero-psychology externship ONLY</p>	<p>Formal year-long externship in Clinical Gero-psychology. Significant effort (75% or higher) must be devoted to assessment and psychotherapy interventions with older adults. Gero-Psychology externship may be either sponsored by Ferkauf Older Adult Program (FOAP) or outside of Yeshiva University, and in either case must be approved by FOAP Director.</p>

	**Please note that 6 and 7 are only open to students pursuing the <a href="#">Neuropsychology</a> minor	
--	---	--

- **Grade: B+ or higher is required for all courses to satisfy requirements for the minors**

**+ Measurement/Quantitative Minor Applied Project**

Students will be required to utilize one of the advanced research methodologies learned throughout the sequence in one of the following types of projects: 1) An academic research project, 2) An abstract submitted to a conference, or 3) a peer-reviewed publication.

Students will write an 7-10 page paper describing the methodology used in their study with the following sections:

- A) The method
  - a. Description of the method utilized
  - b. Historical context for the method
  - c. Advantages and disadvantages of the method
- B) Implementation of the method
  - a. Description of the study
  - b. Why the method was appropriate for the data collected and aims
  - c. Results (including appropriate tables or figures)
  - d. Limitations/future directions of using this method for the aims and data of the study
