REQUIREMENTS FOR ADMISSION

The high school scholastic record, SAT I or ACT scores, and results of statewide tests such as the New York State Regents Examinations are of primary importance in determining a student's qualifications for admission. The Committee on Admissions also considers the applicant's character, potential, and contributions to school and community life.

High School Average: To qualify for admission, a candidate should present a high school average of at least 85 or its equivalent. The Committee on Admissions may require higher

averages from students who come from schools whose academic standards are not known to the Committee.

Tests: All applicants must take either the SAT I or ACT exam. The results of these tests supplement the high school grades. Most successful applicants have a combined score of at least 1100 in one sitting, on the critical reading and math sections of the SAT I or a composite score of 24 on the ACT.

Optionally, applicants may also take subject-matter achievement tests such as those of the SAT II testing program of the College Board.

Applicants should take the SAT I/ACT in the spring of the junior year of high school or fall of the senior year. Although these tests are normally given on Saturday, Sabbath-observing students may take them on Sunday by special arrangement with the test administrators. Full information is available from the Office of Admissions or college guidance counselor at the student's high school.

Each admitted student is classified under one of the following categories. Not all schools admit under all categories.

Regular Admittance: Students admitted with permission to work toward degrees or diplomas. A regular student admitted with a condition must resolve it within the time limit set by the Office of Admissions to maintain regular student status.

Provisional Admittance: Students tudents admitted without meeting the full requirements for regular status. While classified as provisional, students take a limited program and must consult with the Office of Academic Advisement each semester before registration to review their progress and receive approval of their proposed programs. Provisional students who demonstrate satisfactory performance after two semesters of full-time attendance may petition the dean to be reclassified as regular.

ADMISSION WITH ADVANCED STANDING

Application Components

AP credit may be used to fulfill major and additional elective requirements. A student who earns credit in any discipline must consult with the department chair before registering for advanced courses in that discipline.

AP credit is applied automatically once the Registrar receives an official score report from the College Board. Students must request that their scores be sent, and can do so online. Students need not fill out any additional forms.

Credit and Exemption

Credit and exemption for AP exams are awarded only for a score of 5. Scores of 4 or lower earn neither credit nor exemption. This includes the AP Jewish History as well. No credit is given for AP English Literature.

Pre-med students: Pre-med students who have taken the AP Biology course and examination, especially those not planning to major in Biology, should be aware that they will not be adequately prepared to score at a sufficient level for serious consideration by medical schools unless they take biology courses in college. Students who are not interested in taking advanced biology electives should be advised to retake Principles of Biology I & II instead.

The Bechinah Yerushalmit (Jerusalem Examination)

The Bechinah Yerushalmit is an AP-like test in Hebrew language and literature administered by Hebrew University in various locations around the world. The Bechinah Yerushalmit is only awarded credit if taken before the student graduated high school. Transfer credit and/or Hebrew Language exemptions are awarded as follows:

- Students who receive 75% through 84% on the Jerusalem Exam scaled score
 (including both sections) will receive 3 credits for the Jerusalem Exam. These 3 credits
 will be listed at the beginning of the transcript as transfer credit and will be recorded as
 Hebrew Elective 3 credits. Additionally, the student is required to take the regular
 Hebrew Placement Exam. These tests are administered by the Hebrew Department
 during Orientation.
- In addition to receiving the aforementioned credits for Hebrew Elective 3 credits, students who score **85% and higher** on the Jerusalem Exam scaled score are automatically exempt from one semester of the Hebrew requirement. They do NOT have to take the Placement Test, but they are required to take **one** semester of Hebrew either Advanced Hebrew I (Hebrew 1305) or Advanced Hebrew II (Hebrew 1306). (To be placed directly into HEB 1306 the student would need to pass the 1305 exemption test.) They may attempt the 1306 Exemption Test if they wish to be exempted from the requirement to take any Hebrew course. These tests are administered by the Hebrew Department during Orientation.
- Students who wish to receive credit for the Jerusalem Exam should submit to the registrar the documents issues by the WZO Jerusalem Exam office to determine the scaled score. The registrar will also forward a copy of the document for those students who scored 85% and above to the Hebrew Program Coordinator.

The British A-Level Examinations

- Students who receive a grade of "B" or better on their A-Level exams may receive credit.
- Faculty will need to evaluate the provisional statements (which outlines the topics that were covered through the examination) to determine what each exam may fulfill.
- If there is an A-Level that does not fit into our curriculum a student may receive general elective credit.
- Under no circumstances will credit be granted without the original certificate.
- The following A-level exams have been evaluated by YC faculty:

<u>Exam</u>	YC Course Equivalent	Credits
Computing	COM 1300C & COM 1320C	8
Economics	ECO 1031 & ECO 1041	6
