**Attendance and Shiur switching Policies**

Students are expected to attend *seder* and *shiur* on a consistent basis. Students are subject to disciplinary and academic penalties for excessive absences or poor performance, including academic probation and pre-probation restrictions.

A student may only attend the *shiur* to which he was assigned. First year students who would like to switch *shiurim* must receive permission from Rabbi Ezra Schwartz, the bochen. Students who have been on campus for over one year should speak with Rabbi Bronstein to switch *shiurim*. Students who attend a *shiur* other than the one they were assigned are subject to consequences.

It is imperative for your own growth that you take each MYP examination on the date it is given. Any request for a delay in the scheduling of an examination must be based upon genuinely extenuating circumstances.
