

Yeshiva University students benefit from your generosity.

“

The YU slogan is “Nowhere But Here.” From my experience, I cannot imagine having gone anywhere else. Nowhere but here would my spiritual growth be taken with the same seriousness as my intellectual growth. Nowhere but here would I be encouraged and supported in every step of my professional journey, from the moment I walked into the doors until the moment I graduate. Most importantly, nowhere but here would I have made such great friendships. Once again, thank you for your generous donation which has allowed me all of these wonderful opportunities.

Yeshiva University has every characteristic that is important to me when trying to grow as a Jew and expand my knowledge of the world of psychology. Your generous donation has helped me meet the expense of this amazing school. Thank you so much for your help; it honestly means the world to me.

“

Words are not fit for how truly thankful I am. I thank you from the bottom of my heart. The highest of Rambam's eight levels of *tzedaka* is helping someone help himself. You are making that happen for me. You are helping me obtain an education so I will have a profession when I complete Yeshiva College. Thank you for this wonderful gift.

“

Thanks to you, *this* is possible. Thanks to you, my college education is possible. Thanks to you, my future is possible. No words can adequately describe what I owe you, but you should know that my achievements through Yeshiva University have been and will continue to be because of you and your generous support.
