

## FINANCE (Selection of organizations)

Listed below are a few organizations to help you get started in your search. The CDC compiled this list through both research and previous job postings with our office. Always do your research first and keep in mind that organizations receive numerous requests for internships/jobs. Be professional at all times and only contact companies in which you have a serious interest.

**This handout is by no means an all inclusive list.  
It is meant solely as a tool to introduce you to some of the organizations in your field of interest.**
