

**Psychodynamic Supervisor Evaluation Rating Form (P-SERS)**

Dear Psychodynamic Lab Student,

In an effort to enhance the quality of our supervision for the Psychodynamic Psychotherapy Program at Ferkauf, we would like you to complete this supervisor evaluation form. Please remember that your comments will only be shared with Dr. Goldklank and Dr. Salton so that you may feel very free to express your true opinions. Thank you for helping us to keep high standards for your supervisory experience, for your time, and for your contributions. Please, where appropriate, include a numbered rating along with your written word responses for questions using the scale:

- 1= Poor
- 2= Minimal/marginal
- 3= Satisfactory
- 4= Good
- 5= Excellent

**1. Date:**

**2. Supervisor's Name**

**3. Dates Supervised**

**4. Do you know your supervisor's professed orientation(s) within the psychodynamic/psychoanalytic model? Please let us know what it is/they are:**

**5. How closely did your supervisor adhere to his/her psychodynamic orientation (s) (he/she may have been integrative, eclectic, or more singularly focused, for example?)**

**6. Did your supervisor help you understand why he/she said what he/she said in supervising you?**

**7. How comfortable did your supervisor help you feel so that you were free to question him/her about supervision content?**

**8. How comfortable did your supervisor help you feel so that you were free to question him/her or comment on the supervisory process?**

**9. How useful was your supervisor in helping you develop a psychodynamic case conceptualization of your patient(s)?**

**10. How reliable was your supervisor in returning your calls or texts, in scheduling and attending our appointments, and in accommodating emergencies?**

**11. What is your overall rating of your supervisor?**

**12. Would you recommend using this supervisor next year?**

**13. Were there any problems with your supervisor? Please specify:**

**14. Additional Comments**

**15. Comments about this form (feel free). Thank you very much for your help in improving the psychodynamic program**
