

## **Guide to SASER**

### **Supervisory Evaluations:**

Clinical supervisors evaluate students twice a year (mid-year and end of the year) on their performance in externship placements and in-house practica. Using the *Supervisor Annual Student Evaluation Rating (SASER)* form, students are evaluated on specific program goals and objectives on a scale of 1-5, one being the lowest rating. In all, students are required to complete two externships (2<sup>nd</sup> and 3<sup>rd</sup> year), a 5<sup>th</sup> year internship, and two advanced in-house practica (3<sup>rd</sup> and 4<sup>th</sup> year of training).
